

Daw Systems, Inc. (ScriptSure) Receives EHNAC e-Prescribing Accreditation

Accreditation ensures adherence to data processing standards and compliance with security infrastructure and integrity requirements for all e-Prescribing transactions

New York – July 3, 2012 - Daw Systems, Inc. (ScriptSure), a leading provider of healthcare software, announced today it has achieved full accreditation with the e-Prescribing Accreditation Program (ePAP) from the [Electronic Healthcare Network Accreditation Commission](#) (EHNAC). EHNAC's ePAP accreditation demonstrates the operational integrity of companies that use e-prescribing, by ensuring compliance with HIPAA regulations, accommodation of industry standards and proper use of relevant formats.

Through the consultative review process, EHNAC evaluated Daw Systems, Inc. (ScriptSure) electronic prescribing and fax-based prescribing transactions in the areas of confidentiality enforcement, level-of-service and escalation procedures, outcome-related metrics, security infrastructures and the ability to comply with industry-standard data formats. The rigorous accreditation process demonstrates adherence to strict standards and participation in the comprehensive, objective evaluation of the organization's business.

"Because e-prescribing continues to play such a critical role in the healthcare industry's transition to electronic health records, solution providers need to ensure that their systems and processes adhere to industry standards," said Lee Barrett, executive director of EHNAC. "Privacy, confidentiality and security are all top concerns for these organizations, and becoming EHNAC accredited is a major step in ensuring full confidence in the integrity of a company's e-prescribing system. We're happy to have Daw Systems, Inc. (ScriptSure) among this select group of accredited organizations."

"We are excited and pleased that Daw Systems, Inc. and our product have passed the rigorous EHNAC ePAP accreditation program. This accreditation broadens our scope and underscores Daw Systems strong commitment to industry standards particularly with respect to HIPAA / HITECH privacy and security in the storage and sending of prescription messages." said Adam Forman, COO and Security and Compliance officer of Daw Systems, Inc. (ScriptSure).

About Daw Systems, Inc. (ScriptSure)

Daw Systems, Inc. develops medical software for all provider specialties and focuses on e-Prescribing, Scheduling and EMR applications. ScriptSure e-Prescribing has been ranked #1 and utilizes intelligent software design combined with First Databank clinical databases, SureScripts GOLD solution provider interfaces and our exclusive drug selection methods. About EHNAC

The [Electronic Healthcare Network Accreditation Commission](#) (EHNAC) is a voluntary, self-governing

standards development organization (SDO) established to develop standard criteria and accredit organizations that electronically exchange healthcare data. These entities include electronic health networks, payers, financial services firms, health information exchanges and e-prescribing solution providers.

EHNAC was founded in 1993 and is a tax-exempt 501(c)(6) nonprofit organization. Guided by peer evaluation, the EHNAC accreditation process promotes quality service, innovation, cooperation and open competition in healthcare. To learn more, visit www.ehnac.org or contact info@ehnac.org.
